

# alignment / RP x SDGs

## RP x community

Working with **Elders** to break inter-generational disadvantage in remote **Indigenous communities**

Working with **food entrepreneurs** in the acceleration of **regenerative agriculture**

Working with **wellness tourism** leaders, especially in **mental health promotion**

Working with young people using the latest **social media & advocacy** technology

Working with **young women** who represent the future **leaders** of global tourism

Working with industry leaders to **promote renewables**, especially **geothermal**

Working with business leaders to **transition** to **circular economy** principles

Working with people of **diverse cultures** to promote **peace & understanding**

## RP x economy

Working with **world-leading business** people to cultivate a new brand of **regenerative business**

Working **across sectors, cultures & industries** to enable **regenerative development**

Working with **Indigenous Elders and young leaders** through **tourism innovation**

Working with entrepreneurs who **transform waste** & favour **natural, renewable & biodegradable materials**

## RP x environment

Working with tourism operators who favour **slow, human-powered experiences** in nature

Working with conservation leaders to **increase investment** in **marine & aquatic ecosystems**

Working with world leaders in **Ranger-led conservation** in alignment with the UN **Decade on Restoration**

Working with diverse stakeholders to achieve **swimmable & drinkable urban rivers & harbours**
